

# MARYLAND STEM FESTIVAL 2021

## Boiler Plate Press Release for Hosts

**FOR IMMEDIATE RELEASE:** [date of release]

Contact: [name], [phone]

### **[Institution Name] Hosts [Event Title] to Celebrate Health and Wellness during MdSTEMFest 2021**

[Event host] will present [event name] on [date], [time], at [location]. [Event name] is an official event of the 2021 Maryland Science Festival (MdSTEMFest), presented by the Biogen Foundation.

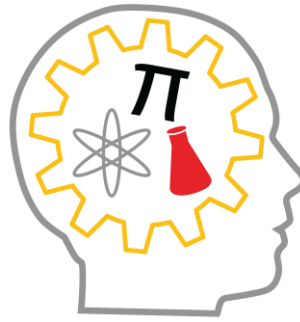

[Event name] will include [event description, including cost, registration info, and quote from event host staff member].

As an official 2021 MdSTEMFest event, [event name] is one of hundreds of community events this October and November showcasing science, technology, engineering, and mathematics (STEM) for people of all ages across Maryland.

The Maryland Science Festival, founded in 2015, is one of the first statewide science or STEM festivals in the United States. Celebrating its 7<sup>th</sup> anniversary in 2021, the Festival continues to showcase the economic, educational, and cultural impact of science in Maryland. MdSTEMFest 2021's theme is "Health and Wellness"—a nod to the state's large community of scientists; and to the ingenuity of citizens who have been addressing the Pandemic throughout the last year.

"The MdSTEMFest is an event whose time as certainly arrived," says Phil Rogofsky, the Festival's Director. "There can never be enough events to show the importance of and connect Marylanders with the areas of Science, Technology, Engineering and Mathematics. Our future depends on how we use STEM."
