

MARYLAND
STEM
FESTIVAL
2021

Boiler Plate information for Hosts to use about the Maryland STEM Festival

Founded in 2015, the Maryland Science Festival is one of the few statewide science or STEM festival in the United States. Through a series of free community-based events each Fall (hosted by schools, colleges, libraries, museums, parks, businesses, and other local organizations), the Festival celebrates the economic, educational, and cultural impacts of science in Maryland. For more information, please visit www.marylandstemfestival.org
